

claims 15, 20, and 30-40. Please add claims 44-49.

Copies of the pending claims 1-14, 16-19, 21-19 and 41-49 as amended are attached in both (i) amendatory and (ii) plain text form.

REMARKS

Claims 1-14, 16-19, 21-19 and 41-49 are in the application. Substantive examination is respectfully requested.

1. The Present Amendment Responds to a Requirement For Restriction Under 37 C.F.R. §121 in The Predecessor Application

A requirement for restriction under 37 C.F.R. §121 in the predecessor application resulted in withdrawal from consideration, and cancellation, of claims 1-14. These claims are now herein presented.

Of remaining claims presented in the predecessor application, claims 16-19, 21-29, and 41-43 are preserved in the present divisional patent application, and are now amended in form to be dependent upon independent claims 1 or 2 or both.

Claims 44-49, directed to corrugated laminate armor, are added. The Examiner of the predecessor application denied inclusion of similar claims in that application for the examination then transpiring in that application. The response of the Examiner of the present application to simultaneous examination of I. claims 1, 2 and 3-14, 16-19, 21-19 and 41-43 dependent thereon (regarding which claims it is respectfully suggested no requirement for restriction is now proper because of the determination thereregarding in the predecessor application) and II. claims 44-49, cannot be ascertained in advance.

Applicant continues to advance claims 44-49 lest abandonment of these claims be improperly inferred.

Applicant does not invite a further requirement for
